Roadmap eupec "green Products"

Bipolar products			RoHS compliant [1]					green product
Product family			**Screws without Cr(VI)**	**Lead free external soldering pins**	**Lead free internal solder**	**lead free internal components**	**PBB and PBDE free plastic housing**	**plastic housing free of brominated flame retardands and diantimony trioxide**
Medim power / High power	**Ceramic Disk**	present status	n/a (no screws used)	yes	n/a (no internal solder used)	no [2]	n/a (no plastic housing used)	n/a (no plastic housing used)
		green product roadmap	n/a (no screws used)	yes	n/a (no internal solder used)	yes	n/a (no plastic housing used)	n/a (no plastic housing used)
	Epoxy Disk	present status	n/a (no screws used)	yes	n/a (no internal solder used)	no [2]	yes	no
		green product roadmap	n/a (no screws used)	yes	n/a (no internal solder used)	yes	yes	t.b.d [3]
	Power BLOCK Module	present status	no	n/a (no soldering pins used)	n/a (no internal solder used)	yes	yes	yes
		green product roadmap	yes	n/a (no soldering pins used)	n/a (no internal solder used)	yes	yes	yes
	Flat- or thread-base element	present status	n/a (no screws used)	yes	yes	no [2]	n/a (no plastic housing used)	n/a (no plastic housing used)
		green product roadmap	n/a (no screws used)	yes	yes	yes	n/a (no plastic housing used)	n/a (no plastic housing used)

1) None of our products contains mercury, cadmium, polybrominated biphenyls (PBB) or polybrominated diphenyl ethers (PBDE) or any other substances, the use of which is forbidden by German or European legislation.
2) Contains silicone rubber, which may contain traces of lead in selected products.
3) to be decided

tentative
